

BIG LABOR MEETING

Made Up of the Sturdy Representatives of Toiling Millions.

Gompers Given an Ovation.

In His Annual Address He Claims That the Labor Organizations of the Country Have Greatly Increased Within the Past Year.

New Orleans, La., Nov. 13.—Hundreds of intelligent representatives of the home and abroad, the muscle and energy of the toiling millions of the United States filled Odd Fellows' hall at ten o'clock this morning at the opening of the twenty-second annual convention of the American Federation of Labor. It was an assemblage of brains, fine-looking, intellectual representatives of the toilers, and one must immediately have impressed upon the minds of the spectators. The hall was handsomely decorated with the banners and flags of the labor organizations, several banners and members of which occupied seats in the rear.

Promptly at ten o'clock, president Samuel Gompers, secretary Wilson and the other officers and members of the executive committee mounted the rostrum, escorted Messrs. Arrandale and Edwards, the fraternal delegates from the British Trades Union Congress. Their appearance was the signal for upsurges and prolonged applause, the delegates rising, and continuing the enthusiastic cheering for several minutes. After quiet had been restored, welcome addresses were made on behalf of the state of Louisiana, the city of New Orleans and the labor unions of the municipality, and appropriate responses were made by president Gompers and several of the delegates.

These formalities over, secretary Wilson proceeded to read the call for the gathering and then called the roll. The latter showed an attendance of delegates the largest in the history of the federation's convention. Those present represented every trade and industry of the United States and came from almost every state and territory of the country. Among the states most largely represented were Pennsylvania, Illinois, Ohio, Michigan, Indiana, New York, Missouri and Colorado. New England sent a numerous delegation and the showing made by the Pacific coast states eclipsed that of previous years.

The feature of the opening session was the annual address of President Gompers. The paper was of great length, but from start to finish it was listened to with the closest attention on the part of the assembly. The address dealt at considerable length with the prosperity of the country in general. It showed that the last months have been the most remarkable in the history of labor organizations in the United States and that their growth has been greater by 20 per cent, in these eleven months than in the twelve months preceding.

SIXTY-THREE COUNTIES IN

And the Total Vote Hovers Near the 800,000 Mark.

The Other Counties Yet to Come in May Change This Estimate So as to Read Differently.

Columbus, O., Nov. 13.—(Special)—Sixty-three counties have now been received and tabulated. Included in these is the vote of Montgomery county, but none of the other large counties of the state. That of Hamilton county has been received and verified but not included in the tables yet. The 69 counties tabulated gave a total vote for governor in 1901 of 444,331. This year their total vote for secretary of state is 430,110. That shows a loss from the total vote for governor last

RESTLESS TEDDY IN THE WILD WOODS

Without the Protection of the Secret Service Officers.

Memphis, Nov. 13.—President Roosevelt is now in the woods and it is up to the bears to give him a good time. He has kept the secret service men on edge by disregarding their protection. He said today: "If anyone really intends to get me, I cannot do anything to keep them from it." The president has often said when urged to be more careful, by secretary Cortelyou or others about him. "I do not

Chicago Stock Market.
Chicago, Nov. 14.—Cattle 9,000, steady to strong; hogs 25,000, 10c and 15c higher; sheep 24,000, steady.

East Liberty, Nov. 13.—Cattle light, steady; hogs 10 double decks, active; sheep light, steady.

STRIKERS

Making Matters Lively in Paris With Dynamite.

Paris, Nov. 13.—Striking miners today blew up the house of a mine overseer at St. Etienne, with dynamite. No one was injured. The strikers are today parading the streets of the town, carrying red flags. Great excitement prevails.

PROFESSOR

Lauded Among the Lima Philistines.

Prof. Wm. Groth fell among some of the Philistines who infest the Pennsylvania depot region at Lima and we are glad for him that an investigation of the facts show he was grossly misrepresented by the newspaper reports. The character of the people running the place under the guise of a hotel is best shown by the fact that before Mayor Rogers they acknowledged their claim of being husband and wife was a false one.—Ada Record

TICKETS

Are Rapidly Being Given Out

For the Piano Which is to be Given Away.

From 100 to 150 People Per Day are Registering and the Event Promises to be a Great One.

The result of last week's landslide was a great disappointment to all Democrats and to none more than to our old Quaker friend, B. S. Porter. However, he has received himself with and announces that he is willing for Republicans, as well as Democrats, to register and get their tickets on the magnificent piano which is to be given away the 20th instant.

We found him doing a rushing business, as usual, sending out pianos of the latest approved styles, and of such popular makes as the Everett, Harvard, Steck, Smith & Nixon, J. & C., Fischer, Haines, Ebersole and many other first class pianos sold only by the "Old Reliable, B. S. Porter & Son."

He informed us that the people of Lima and Allen county were registering at the rate of 100 to 125 per day, and that there would be many thousands of tickets out before time for the drawing.

All families that have no upright piano are cordially invited to call and get a ticket, which may entitle them to the Grand \$350 piano, absolutely free.

The prize will be one of the elegant products of the celebrated John Church Co., who are noted for the beautiful and artistic design of case, and sympathetic and brilliant quality of tone.

We have just received a Grand Steck piano in a new design, which it will pay anyone to see and examine.

We have a few elegant Square pianos from \$35.00 to \$100. One a fine Chickering. Orders from \$5.00 up.

Charles O'Harrow, an expert piano tuner is connected with us.

Porter & Son are well known throughout the city and surrounding country and are known to be honest dealers, handlers of only the very best make of goods and owing to their large orders, the cheapest music dealers in northwestern Ohio.

Don't forget your ticket. Everybody knows the place, 141 south Main street, Lima, O.

NEW CLUB ORGANIZED.

A new social and dancing club has been organized by a crowd of popular young men of the city who will give their initial event in one of the local dance halls one week from tomorrow night. The organization has been christened the Peerless club and club rooms have been established in the Hohl block above Ingleside & Co.'s store. The officers of the organization are:

James Robinson, president; O. Lear, vice-president; Met Scheide, treasurer; Ray Albrecht, secretary.

ALL RECORDS

Must Now Give Way to the One Made Today

By an Inter-Urban Car Which Made Remarkable Time Covering 120 Miles.

Cleveland, Nov. 13.—A record of the fastest time ever made on a long distance run by a suburban car, is now held undisputed, by the Lake Shore Electric Co. A special car, carrying a big crowd of American Eagles, who had been attending a celebration here, made a run from Cleveland to Toledo, a distance of 120 miles, in the phenomenal time of 3 hours and 10 minutes, this morning.

Grain and Pork.

Chicago, Nov. 13.—Closing December wheat 72½; corn 52½, oats 29½; pork 15 10

IMPATIENT

French Adjutant Does a Few Wild West Stunts.

Paris, Nov. 13.—The proceeding of the chamber of deputies were interrupted this afternoon and considerable consternation was caused by five pistol shots being fired in rapid succession some where in the building. An investigation showed that an adjutant of the colonial infantry had become angry because he was kept waiting at the entrance to the gallery and had fired shots in the air to attract attention.

YOUNG

People Invited to Attend Union Meeting.

All the young people of the church of the city and county are requested to attend the meeting at the Congregational church next Tuesday evening at 7:45. Mr. C. H. Hubell, state field secretary of the Christian Endeavor Society has a special message for the young people and will give it at that time.

Perhaps the city union might receive some needed instruction. Let all the presidents of the societies us full attendance. Let pastors and every body come.

THE NEVINS MEN ARE AGGRESSIVE

And Will Give General C. F. W. Dick the Fight of His Life.

Columbus, O., Nov. 13.—(Special)—Representative Chapman, of Dayton, is in the city on legal business, and incidentally booming Col. Bob. Nevins for governor next year. He believes him to be the logical man for the Republicans to nominate.

The Nevins' calvicado also made a pilgrimage to Cleveland to interest Senator Hanna in the Colonel's candidacy, but Senator Hanna simply states that he will think of it. The fact of

TERRIBLE EPIDEMIC

Of Yellow Fever Brakes Out Among United States Marines Stationed on Isthmus of Panama.

Washington, Nov. 13.—The navy department has been informed by Rear Admiral Casey that yellow fever has broken out among the United States marines on the Isthmus of Panama. The officials of the department are extremely reticent concerning Admiral Casey's dispatch, and are unwilling to discuss the matter in any of its phases. Acting secretary Darling, however, is now considering the advisability of making public some of the details of the admiral's dispatch. The marine force on the Isthmus will probably be concentrated immediately in Colon and active steps taken to prevent any spread of the epidemic.

POOR JOE

Seems to be a Misfit in More Ways Than One.

Richmond, Va., Nov. 13.—Joseph Banks, a new member of the legislature weighs 360 pounds. There is no seat big enough for him and a large chair has been put in the aisle for his use. He had never been out of his mountain county before. He has never worn a collar in his life, and never before saw a street car. He is a Republican and beat his opponent 200 votes.

INTERSTATE

Commerce Commission Will Hear Grievances.

Washington, D. C., Nov. 13.—The interstate commerce commission, which has been hearing complaints in the west, returned to Washington today and began a hearing of the grievances lodged against the Mobile and Ohio railroad by the Aberdeen commercial group association.

SERIOUS LOSS

Sustained Through Fire in a Suburb of Scranton.

Scranton, Pa., Nov. 13.—Twenty buildings in the Main street of Olyphant Borough, were wiped out today by a blaze which started at 10 o'clock in the general store of E. A. Etherton. It was the biggest fire in the history of the town and the principal business part of the borough is in ashes. The loss will be \$250,000.

BIG EARNINGS

Cause the Pennsylvania to Make a Raise.

Pittsburg, Nov. 13.—The Pennsylvania railway this morning announced a 10 per cent raise in wages to all employees east of Pittsburg, getting less than \$200 per month. The raise effects 10,000 men. Good times and big earnings caused it.

The Weather.

Washington, Nov. 13.—Ohio fair tonight and Friday, colder tonight in northern portion, colder Friday.

REFUSED MEDICINE

Although Mortally Ill With Pneumonia and Police are Investigating Another Christian Science Case.

Washington, Nov. 13.—Coroner Neville, this morning conducted an autopsy in the case of Louise Hoge, 25 years old, of Evanston, Ill., who died in this city last night, without medical attention. Pneumonia was found to be the cause of her death. Miss Hoge was a believer in Christian science. The coroner granted a permit for the removal of the body to Chicago, with the understanding that a license has been put out further investigation, as it developed that the young lady had been offered medical attention but had refused it. The police are determined to prosecute Mrs. Ellen Brown Linscott the Christian scientist, who treated Miss Hoge, who died without having had medical attention. The matter of issuing a warrant for her arrest on a charge of practicing medicine without a license has been put before district attorney Gould.

WRECKER ANDREWS WILL GO TO PRISON.

Unable to Secure \$100,000 Bail, He Will Have to Serve His Sentence.

Detroit, Nov. 13.—(Special)—Frank C. Andrews, wrecker of the City Savings bank, expects to go to Jackson prison, tomorrow, to begin serving his 15 year sentence. The 25 days which he was given to secure bondsmen in \$100,000 are almost up, and, despite the efforts of his friends and attorney, it is said that the reason why it is impossible to find bail for Andrews is that the offense for which he was convicted was not an extraditable one. Andrews himself has given up. He says, "I don't know what to do. I can only thank the friends and attorney who stood by me through thick and thin and offered to go bail for my appearance, but the amount asked was too much for them. I'll go to Jackson, on Thursday for there's no hanging out any longer. After all, I'd sooner be out there than stop here in jail, under a constant mental strain. (Special).—Operations in the lower portion of Wood county, and the northern district of Hancock, are taking on an exceptional activity for this season of the year, and there is a good prospect of continuance far into the winter months. The Ohio Oil company especially is pushing the drill, and this company has 19 new wells way to one for other operators. This neighborhood is the southern limit of the north Lima oil district, and since the price has been boosted to more than a dollar a barrel product, there is no surplus over the continued activity.

The old field is not broadening out to any great extent, and there are hardly any wells that can be placed in the wildcat class, but some of the new work is on the outer edge of developments, and if successful will add considerable to the producing areas.

A deal is reported, in which a new corporation is interested. The Atlas Oil company, a Cleveland corporation, has purchased from the Netorg Oil company a lease of the Louis Lyons farm, consisting of about 250 acres, in section 2 of Allen township, Han-

cock county, southeast of North Baltimore. There are 8 wells on the property, with a production of probably 4 or 5 bbls per day. It is said the new owners have let contracts for 19 new wells. This has always been light territory, and is not likely to do much in the producing line. The consideration was not made public.

North Baltimore is evidently to be in the midst of a town lot campaign, if present plans are carried out. Frost Smith & Co., are building a rig on the Smith lot, in the northeastern portion of town, which is said to be only an attempt to get gas for use in a factory. But the knowing ones assert that it is very different from the ordinary procedure in gas well work, and the owners, if oil is struck, will undoubtedly not suffer it to run to waste. The authorities may interfere with the work, and it is even hinted that injunction proceedings are contemplated, but the well will probably be put down, and there is no telling how many back yards would be ornamented if it proves to be a producer.

Bright, Simpson & Co., are drilling a little east of the defined limits on the T. Weeks farm, in section 36 of Henry township, their No. 1 well being possibly 3/4 of a mile in advance of the hitherto prescribed limits. They are in the sand and have a nice showing for a producer. This is not new territory, but means that there will be that much more available ground for the extension of operations. There are two or three wells between the Weeks farm and the Buckeye

Hood's Pills

Pipe Line station, which are made to look good by the showing at the Weeks.

On the F. Archer farm, in section 33 Henry, Taylor Bros. have a small well in their No. 1, which was first thought to be worthless. When the well was finally completed it was found that they had about 800 feet of fluid in the hole, and it made several small flows, now standing good for probably 5 or 6 bbls. In section 34 Henry, J. V. Wysbrod is drilling No. 1 on the Sims heirs property and has the rig up for No. 2; the Ohio Oil Co., is drilling No. 10 G. J. Hamman, section 21, and also has a rig in for No. 9 on the W. White farm, in section 36, the Majestic Oil Co., is drilling No. 2 on the W. T. Borough farm. The City National bank, as trustee, has a rig up for No. 5 on the F. Osenbaugh farm, in section 2 Henry.

In the northeastern portion of Henry township, Smith, Jameson & Co., have No. 5 rig up on the F. Summers farm, section 3, and in section 10, the Ohio Oil company is drilling No. 16 on the J. Neirer farm.

On the B. A. Lawrence farm, in section 24 Henry, Hendricks & Co., are drilling their No. 13 well; the last one, No. 12, was a 15-barrel. The Ohio Oil company has the rig up for No. 8 on the J. Davis farm, in section 23.

Taylor Bros. have completed and shot their No. 2 on the Henry Hallebaugh farm, in section 24, Henry, but have little show of oil.

In Bloom township, O. A. Browning has completed and put to pumping his No. 9 on the G. S. Doll farm, section 19, with the appearance of a good producer. The No. 8 well on this farm has been pumping free of salt water but will make only a light producer. No. 7 is still making a tank per day, being now nearly three months old.

The Brennan Oil Company is just finishing up No. 2 on the Wm. Zarbaugh farm, in section 31, Bloom, but it will not be much of a well. The same company has a rig up for No. 7 on the E. Long farm, section 30. The Exchange Oil Company has built a rig for No. 3 on the Bert Wiley farm, in section 19, Bloom. The Early Oil & Gas Company has a rig for No. 2 on the L. Simon farm, in section 29.

The Cygnet Field.

There is little of newsy interest in the vicinity of Cygnet, the old territory alone furnishing operations of the usual character. There are plenty of wells drilling, and the average of production is maintained at the usual pace.

Among the new drilling wells noticed were the Ohio Oil Company's No. 18, Newcomer, section 8, Bloom; E. J. Snyder's No. 9 on the N. Whitacre farm, section 7, and the Ohio Petroleum Company's No. 2 on the Carry lot, in section 18, C. W. Klausner & Company are drilling No. 8, R. R. Paterson, A. J. Steele is drilling No. 11, D. Heistand, and D. Hastings has the rig up for a new well on his fee property. The Ohio Oil company is also drilling No. 14, James Lee, section 7, and No. 11, G. F. Stultz, section 18. Across the line, in Henry township, the Exchange Oil company is drilling No. 15 on the C. E. Palmer farm. The Ohio Oil company's No. 15 on the C. A. Risser, section 1, Henry was good for about 5 barrels.

Hanks, Brown & Constock have plugged their No. 17, on the George Carothers farm, section 6, Bloom, because of the trouble encountered at a bad hole. The Ohio Oil company has not yet finished up No. 19, on the Skidmore & Thatcher property, in the same section.

In section 25 of Liberty township, the Ohio has completed No. 11, on the J. H. Klosson farm, and it will make

probably a 50 barrel well. Both, Argo & Co., are drilling No. 7, on the O. A. McCrory, same section, and J. L. Douglas is drilling No. 5, on the Frank McCrory.

In Portage township, J. E. Counelly has completed his No. 13 on the Bol-ether Bros. property, section 22, with a 20 barrel as the result. The Exchange Oil company's No. 23, A. Emerline, section 31, is drilling, and the rig is up for No. 29. In this section, the Eastern Consolidated Oil company is drilling Nos. 14 and 17 on the D. S. Clark, west farm. Wilbert & Connolly are drilling No. 14 on the F. Sherron and Wm. T. Jebb is drilling No. 9, W. W. Miller.

Jebb has rigs in for No. 12 and 13 on the J. H. Bigelow farm, in section 20, and his No. 11, which started at 140 barrels per day, during last month, is still holding up at near 50 barrels.

The Exchange Oil company is drilling No. 41 on the J. Trappell lease, in section 19, and has rig for No. 42. In Northern Hancock.

The Huron Oil company is drilling more wildcats in the northern portion of Hancock county, now having a rig on the Stittler farm, and are drilling a well on the C. W. Peffley, in section 7, of Allen township. The former is one mile, and the latter two miles in advance of developments. On the Peffley a well was drilled several years ago, but was never very attractive to the trade. This company's first test, on the S. A. Slaughterbeck farm, which was reported last month, made only 5 barrels and is now down to almost nothing, so that the outlook is not the best.

"The Style of a Dorothy Dodd!"

LUXURY IN WALKING.

Never mind what old-fashioned people tell you—Style and comfort can live together in a pair of shoes. The "Dorothy Dodd" proves it. They are the utmost height of style. They are shoes of genuine distinction. The highest praise you can give a shoe is to say

"It has the style of a 'Dorothy Dodd!'"

Yet the "Dorothy Dodd" is the most comfortable shoe ever made. You long to walk for the pleasure of walking. It holds the foot firmly around the instep and supports the unsupported arch. You escape the "slouchy" gait which comes with some shoes. It gives a new poise to your body in walking. Your carriage is more light and graceful.

Just try one pair. They cost \$3.00.

Ten years ago yesterday Mr. and Mrs. W. T. Clements, of south Elizabeth street, were married. Last night in commemoration of the happy event, a large number of their friends called at the Clements home and pleasantly surprised the celebrants. Mrs. Clements was prevailed upon to leave home early in the evening, and when she returned found that the guests had taken possession of the house. The remainder of the evening was spent in the enjoyment of many delightful features. Tokens of esteem and congratulations were bestowed upon Mr. and Mrs. Clements, who entertained handsomely. One of the events of the evening was the serving of a delicious repast.

Staff Contest.
Arrangements are about completed for the contest between the degree staffs of the Lima team of Maccabees

and the lodge at Wapakoneta. The contest will occur at the latter place Thursday evening, December the eleventh. An interesting and pleasant time is anticipated. A number from here will attend the novel affair.

About a Quilt.

Some time ago a lady residing on Second street raffled off a quilt which she had made. The drawing was to have been public. It is claimed by purchasers of tickets, that when all were disposed of, the lady conducted the chancing with two other ladies proceeded to make the award without the knowledge of any of the others interested. The lucky number fell to the lot of a lady whom it is alleged had not paid for her ticket and the name of another person was substituted. This arrangement proved very unsatisfactory and a great deal of discussion was occasioned. Bitter feeling has resulted. The matter has come to such a pass that both parties to the controversy have engaged counsel, with the possibilities of the quilt into court.

Last Tribute.

The funeral services for Mrs. J. F. Seifried, late of south Main street, were held at St. Johns Catholic church this morning at eight o'clock. Rev. F. G. Rupert celebrated the requiem mass and delivered the obsequial discourse. The members of the Altar society and the Catholic Ladies of Ohio, of which deceased was a valued

member attended in a body. A large concourse of sorrowing friends were also present to pay the last tribute of respect to a highly esteemed lady. The floral offerings were profuse and elegant. Interment was made in Gettysburg cemetery.

Wedding Anniversary.

At their elegant new home on south Central avenue, last night, Mr. and Mrs. Elmer E. Welker, celebrated the twelfth anniversary of their marriage. About eight o'clock a number of ladies called at the Welker home, and spent the time pleasantly until the adjournment of Solar lodge of Odd Fellows, when many of the members of the order accompanied Mr. Welker home and participated in the festivities. The time was devoted to the enjoyment of pleasures customary upon such occasion. Mr. and Mrs. Welker proved themselves elegant entertainers. The celebrants were the recipients of congratulations and tokens of esteem from admiring friends. Before the guests departed for their homes, they were served with a sumptuous repast of seasonable delicacies. The affair also partook of the nature of a "house warming," as the host and hostess only recently moved into the commodious residence which was completed a short time ago.

Hard Fall.

Edward Linderman, a young house painter, was seriously injured yesterday about noon, by falling from the roof of P. J. Hollerans block, on south Main street. He was employed upon the top of the building when he suddenly slipped and started to fall. In the descent he grasped the chimney, to stay his fall, but it gave way and he was precipitated to the ground. His left arm was fractured by the fall. He was also badly bruised by a quantity of brick falling upon him. An ambulance was called and removed the injured man to the home of his father J. W. Linderman, on Second street.

Properties Exchanged.

T. M. Hutton, of west Kibby street, and A. M. Webb, residing on east Kibby street, have traded properties. The exchange of residences will occur the first of April. The deal is one out of the ordinary.

People Visiting.

AMERICAN

Laundry Purchased Yesterday by E. W. Mosier.

Will Improve the Plant and Bring It Up to the Standard He Formerly Established.

Yesterday afternoon, a deal was closed in this city by which E. W. Mosier again ventures into the laundry business, in which he has been eminently successful in the past. As will be remembered, Mr. Mosier retired from the laundry business about a year ago, on account of his health, and since that time he has enjoyed a good rest and has visited many of the larger cities in the west and southwest, but he still declares that Lima, is the best city in the country, and having regained good health he is again in the harness for business. Yesterday he closed a deal for the purchase of the American laundry at 121 west North street, and is now in charge of the establishment which he will improve and bring up to the high standard that he established during the eight years he was engaged in the business in this city.

DISCOVERY

**Said to be a Sure Cure for
Whooping Cough.**

Brussels, Nov. 13.—The medical profession is much interested in the alleged discovery of a young Brussels physician, Dr. C. Leutaux, who claims to have found the serum of whooping-cough. The serum is injected under the skin in the abdominal region, and it is said the malady can be cured in from eight to ten days, its normal course being from six to eight weeks.

A PURELY DEMOCRATIC
NEWSPAPER.

OFFICIAL CITY AND COUNTY
PAPER.

Entered at the Post Office at Lima, Ohio, as second class mail matter.

BOTH PHONES NO. 84.

BRUCK WAS A GOOD RUNNER.

The Democratic candidate for dairy and food commissioner, Hon. Philip H. Bruck of Columbus, made a good record in his own county on election day, carrying it by a plurality of 925 when the head of the Republican state ticket had a plurality of 1965. This seems to be an instance where a prophet was not without honor in his own county.

AND WHAT WOULD OUR TEDDY DO THEN?

Suppose, when Terrible Ted is absent from his office, and is away down in the wild of Mississippi, killing most of the bear with his ready rifle, and frightening the rest into nervous prostration, some wicked trust would spring into existence. And suppose it would be contrary to the provisions of the Sherman anti-trust law, would Teddy work overtime when he again reached the White House, to find a method to put that trust out of business? Or would he have another heart-to-heart talk with Morgan and other of his ilk, and wink at the trust proposition while he handed out hot air fol-de-rol to the working men in an effort to win their support in his coming campaign?

DEMOCRATS SHOULD MOVE EXPEDITIOUSLY.

The Democrats of Lima should lose no time in getting together and outlining a plan of action in anticipation of the operation of the new code. This measure was created and adopted for the benefit of the Republican party, and its primary object is to perpetuate that organization in power in all the municipalities of the state of Ohio. It will require diligent work on the part of the Democrats of this city, to get the proper representation on the public boards of Lima, as this can only be accomplished by electing the ticket at the coming April election. A conference of those interested in the city's welfare should be held and a policy adopted upon which the entire party can co-operate harmoniously. This will leave the Democrats in an excellent position to elect their ticket in April. A strong ticket composed of representative men who will give the city's affairs their attention, coupled with harmonious action on the part of the Democrats are the two essentials to that party's success.

BAER AND HIS KIND OPPOSED TO UNIONS.

The utterances of Mr. Baer, the anthracite coal king in which he condemns unions and union men, is only what one might expect from a man whose affections and interests were all opposed to workingmen and whatever tended to work to their benefit. His statements condemning trades unions are unreasonable and are not sustained by the facts insofar as many trades unions are concerned. It is a well established principle that in a great many instances unions have worked to the advantage of the men who were members of them. The old adage that "in union there is strength" has been repeatedly proved true in the dealings of trades unions with those employers who in the absence of the co-operation of the men, would seek to oppress them.

There have been instances on record where unions, falling into the control of incompetent men have been used in a manner to not produce the good they were intended for, but the principle and the spirit of unionism is good and it is useless for Mr. Baer to assert that it is not. He merely injures his own cause when he takes the attitude toward the miners union which is arrogated to him in his last expression upon the subject.

THE TARIFF A LOSING ISSUE FOR REPUBLICANS.

In the great political contest of 1904, in which the tariff will again be a prominent issue, the Republicans will be deprived of two arguments which have generally been potential in winning victories in the past.

The claim has always been made that the tariff is necessary to enable our industries to withstand foreign competition. But when we are able to ship our goods to foreign markets and successfully compete with foreign commercial rivals on their own ground, the argument that we are no longer able to compete with them at home, is manifestly absurd.

At a time when the newspapers are filled with the news of the American commercial invasion of Europe, it is difficult to conceive of anyone having the hardihood to claim before an intelligent constituency, that a high tariff is longer necessary to protect the home market.

The other argument referred to has been a defensive one. Whenever an advocate of tariff reform has charged that protection tends to increase the price of commodities, the protectionist has answered that this result is prevented by home competition. When competition did exist among American industries this argument was a plausible one, but what will be the answer of the protectionist now that the most conspicuous phase of the industrial situation is the absence of competition?

The principal home competition at present is among the trusts to see which of them can surpass the other in the rapid attainment of vast wealth while the people pay the freight in the increased cost of the necessities of life.

Deprived of their two most effective arguments, the advocates of protection must lose their cause before that great tribunal, the American people—Columbus Citizen.

GREAT CAUTION BEING EXERCISED

In Tabulating and Verifying the Figures in Election Returns.

With 17 counties yet to be heard from the tabulation in the office of the Secretary of State last night, showed that 585,100 votes had been cast for the various candidates. Last year for Governor in the same 71 counties 588,863 votes were cast for Governor, showing a falling off of 3,763 in the total. Enough is now known to predict that the Prohibition and Socialist parties will cast the necessary 1 per cent of the total vote, which will enable each to hold a convention next year and nominate a state ticket instead of resorting to nomination by petition. The vote of Hamilton county shows the greatest falling off in the list, the loss being 7,000 in round numbers.

The counties that are yet to be heard from are Allen, Columbiana,

Carroll, Clermont, Cuyahoga, Franklin, Garway, Lucas, Muskingum, Noble, Perry, Pike, Sandusky Summit, Trumbull, Van Wert and Wayne. It is known that there is a large falling off in Lucas and Franklin counties, in which are located the cities of Toledo and Columbus. The experienced clerks in the office of the Secretary of State say that the last of the returns will not be received until the last of the week, and that the official result will not be determined before Saturday or Sunday, with a prospect of further time being necessary for this purpose. Owing to the unusual interest in the result, Secretary of State Laylin is proceeding with extreme caution in the verification of the figures sent to him by the various returning boards.

The Rest of the Song is a Chorus in Which All Joined at the Annual Ottawa Banquet.

For the past five years an annual crowd supper has been served at Ottawa which was partaken of by Democrats and Republicans the one being the host of the other as the occasion demanded. Tuesday evening at the hotel Dumont the Democrats were the hosts the wagers being made as has been the custom from the beginning on a Republican plurality of 50,000. The banquet was an elaborate affair in all its appointments and during the dinner, music was furnished by Morrisons orchestra.

W. H. Leete and C. J. Brotherton were present from Lima and there were visiting guests from Findlay, Van Wert, Columbus Grove, Leipsic and other points. There was a set program of speeches and the topics had both a general and political significance. J. W. Smith presided as toastmaster and the following responses were made: Court House, Old and New J. L. Olney I am a Democrat. Joseph Justice, Why are we Here. J. C. Jones, The Circus Business, by the Ringmaster. A. P. Sandles How I Framed the Code. Senator C. P. Godfrey, Our Splendid Citizenship. Supt. J. H. Secrest, The Young Man in Politics. Hon. Ralph D. Cole, How it looks to a Veteran. Hon. T. J. Harbaugh, What of the Future? Hon. G. M. Saltgaber, The menu was of the real black crow variety, so far as the brand was concerned, but behind it all there was a sumptuous repast which everybody enjoyed. The spread speaks for itself.

OIL MEN

Are Looking for a High Price.

They Believe It Will Equal That of 1895

When North Lima Oil Touched the Top Notch at \$1.27. Great Activity in the Field.

A special from Toledo touching upon the subject of the advance in the price of crude, says:

Oil men, in view of the increased price in crude oil are predicting that the price of the slimy substance will break the record. Never before, in the history of the Ohio field, has crude advanced so steadily as it has recently, and oil men, who follow field and market conditions feel assured that it is going to continue to go up and that the advance is permanent.

The record for Ohio oil is \$1.27 per barrel, which was paid for North Lima, in 1895. That price caused the opening of new territory that drove the price down around 70 cents and oil producers, ever since, have been looking for the return of "dollar oil."

Oil men think Ohio oil has reached its maximum production and that, so long as refined oil is in as great demand as now, the price of crude will continue to advance. Many operators are "wildcating" in Ohio and Indiana, in the hope of locating new pools but none has been successful.

In September, North Lima was quoted at 84 cents. Since that time the market has advanced in strides until North Lima is now quoted at \$1.01, only 26 cents below the record of 1895.

Oil men say that with oil at \$1 the business "pays big". If it should go to \$1.25, as seems reasonable, a good oil well will be as a mint.

COUNTRY HOME

In Shawnee Tp., Bought by S. S. Wheeler.

S. S. Wheeler has purchased from Willis McBeth, a site for a suburban home which he can occupy during the summer months. The site purchased comprises 18 acres and is situated in Shawnee township, near McBeth's lake. It is a beautiful spot and will be an ideal country home when Mr. Wheeler completes the handsome house he expects to erect upon it. Mr. Wheeler's new acquisition is on the line of the Western Ohio railroad, and is admirably located for a man who wants to do business in Lima and yet enjoy the luxuries and advantages of country life.

Anniversary Sale a Great Success.

Never to our knowledge have Lima people taken such interest in a sale as they have this week in our anniversary sale. And why not? We certainly are offering values that would arouse the interest of people far less appreciative than the people of this hustling city. We have reduced the prices on everything in the store, and in many instances, as a woman remarked yesterday, we have cut the prices until it is hard to recognize them as they formerly were. It has been impossible, and will be impossible, for us to advertise all the bargains we have awaiting your inspection—we are too busy for one thing, and it would take the whole of this paper to mention all. But you can form a good idea of what rare chances we are offering you from the few items that do appear in the papers. Let it be understood that we have most excellent bargains for you in EVERY department and that all during this great sale you will find prices slashed to the quick.

Anniversary Sale of Garments.

Here's where the cut in prices counts as much, if not more than in any other department. Garments such as we sell run up into money, and when we make a cut of a third in prices this means the saving to you of several dollars on each purchase. The power of your money never commanded so much as here. Nowhere else will you find so much real style and exclusiveness displayed in ready-made garments as here—and it goes without saying that you never had a chance to buy such beautiful garments at such low prices as are now offered in this great Anniversary Sale.

Two Brothers

Figure in a Sensation at Findlay

One of Whom is Charged With Winning Love of the Other's Wife.

Defendant is an Oil Operator Who Has Valuable Leases Near Bluffton and in Perry Township.

A sensational law suit was begun in Findlay yesterday which implicates an oil man well known among the fraternity in Lima. Charles Ormsbee, who is the defendant, is an operator who has leases in Hancock county, in the neighborhood of Bluffton, and in Perry township, his interests in Allen county frequently bringing him to Lima. The offense is aggravated because of the fact that he is charged in the position of having alienated the affections of his brother's wife, Mrs. George Ormsbee. Her husband is also an oil man but is down in the scale of a pumpjack.

The Findlay Courier gives what are alleged to be the inside facts in the case and says:

When George Ormsbee left for the oil fields of Indiana, his brother, Charles, being without the comforts of a home of his own, took up his abode with his sister-in-law, whose family comprised herself and a small daughter. The hard working husband toiled on in Indiana, sending a weekly remittance to the wife whom he imagined was true and faithful. Charles at first desecrating the sacred ties of matrimony, but gradually in love with his brother's wife, it is said, and at last succeeded in winning her at Findlay.

The same afternoon George Ormsbee, the fond husband, returned to his family in this city. He hurried to his home on Denham avenue, expecting to receive a warm welcome from his wife's partner. But a hue from his golden-haired little daughter, and the pouting of baby lips was all the greeting he received. His wife had grown to love another, and that his brother and trusted friend.

Mr. Ormsbee was heartbroken by the painful knowledge disclosed. He spent the night at a downtown hotel and returned home again this morning, thinking to reason with his wife and convince her of her folly. Imagine his surprise when he found the house locked and empty. His wife and child had gone.

He at once concluded that they had flown with his brother, and thinking that they had gone to Bluffton, or some point in Indiana, he hurried to the Lake Erie & Western depot, but too late to see those who departed on the 8:47 train for the west.

The injured husband stated that he thought his brother, wife and daughter had gone to Bluffton or to some point in Indiana. He is not sure of their whereabouts, but he is certain that his home is deserted.

Mr. Ormsbee later saw his attorney, Mr. McCann, and made arrangements to file a suit, charging his brother with alienating the affections of his wife.

The papers in a \$10,000 damage case were filed by attorneys McCann and Dwiggin, for Daniel G. Ormsbee against his brother yesterday afternoon.

Early yesterday morning attorney Jason Blackford, acting for Mrs. Ormsbee, instituted an action for a divorce from the plaintiff in the damage case—her husband. She says that he has neglected and refused to provide, has compelled her to earn her own living and has been extremely cruel. She says further, that he has threatened to and will secure possession of the minor children and will do her bodily harm unless restrained by the court. She asks for a temporary restraining order and for a divorce.

The Ormsbees were married in 1878 at Bradford, Pa., and have five children, Bertha, May, George, Floyd, and Adele. They range in age from 22 to 4 years.

ST. JOHNS

Throughed with Friends of Mrs. Seifried,

Whose Remains were Laid to Rest in Gethsemani This Morning.

The last sad rites over the mortal remains of Mrs. Jno. F. Seifried, were held at St. Johns church this morning at 8 o'clock. The church was thronged with people who were there to pay a last tribute of respect to a departed friend. The casket as it rested before the altar in the church, was almost hidden from view by the many beautiful floral tributes which covered it. Rev. F. G. Rupert celebrated the high mass of requiem, and preached a beautiful funeral sermon, using the following passages from St. Paul as his text: "Be Not Grieved, Even as Others Who Have No Hope. For They Are Only Asleep." In his eloquent discourse Father Rupert drew a beautiful picture of the life of a Christian mother, who necessarily must lead a life of retirement, in order to properly rear her children and to attend to the duties of home life. He eulogized the exemplary life which the deceased had led, and said that the death of the body was the birth of the soul to a new and better life. His beautiful words were a source of consolation to the bereaved husband and five small children who are by her death bereft of the care and love of a fond wife and good mother. The Catholic Ladies of Ohio and the L. A. to the Knights of St. Johns attended the funeral in a body, the deceased being a member of both organizations.

Among the many beautiful floral pieces was a large emblem of the Catholic Order of Foresters, the deceased husband being a member of that order, also beautiful designs from the L. C. L. of O. and the L. A. to the K. of St. J. The remains were consigned to rest in Gethsemani cemetery.

The pall bearers were Ed Sheridan, M. H. Flynn, P. C. Beck, J. M. Aird, H. J. O'Neill and Thos. Downey. Mr. Seifried's aged mother and brother from the East were in attendance at the funeral.

REMARKABLE SUCCESS

Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not only the result of our changeable climate but because modern investigation has clearly proved that many diseases known by other names are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane there is a feeding ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time, has met with remarkable success as a genuine, radical cure for catarrh.

It may be found in any drug store, sold under the name of Stuart's Catarrh Tablets, large pleasant tasting lozenges, composed principally of antiseptic ingredients. Bloodroot, Red Gum and similar catarrh specifics.

Dr. Ainslee in speaking of the new catarrh cure says: "I have tried the new catarrh remedy, Stuart's Catarrh Tablets, upon thirty or forty patients with remarkable satisfactory results. They clear the head and throat more effectively and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and that even a little child may use them with entire safety."

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach, liver or bladder will find Stuart's Catarrh Tablets remarkably effective, pleasant and convenient, and your druggist will tell you they are absolutely free from any injurious drug.

CODE

Bill Discussion is Given

As the Purpose

Of a Meeting to be Held This Evening.

The Place of Meeting However is Considered Significant.

Real Purpose of the Republican Meeting Thought to be to Boom Capt. Donze's Candidacy for Mayor.

Some one, though no one seem anxious to assume the responsibility for the scheme, issued a call in the Republican Gazette this morning for a meeting of Republicans to be held in the Danze block this evening. The purpose of the meeting is said to be a discussion of the provisions of the new municipal code but some of the wise ones of the G. O. P. say the real purpose is to launch and boom Capt. C. F. Donze's candidacy for mayor. Rogers, the present mayor is unpopular among many of the old line members of the party and it is proposed to make a yearning out of him and nominate either Capt. Donze or C. M. Overly to head the G. O. P. city ticket in the spring.

All the provisions of the new municipal code necessary to enable the present city officials to prepare for the new organization of the city government next spring will go into effect next Saturday. On that day Secretary of State Laylin is required to issue a proclamation designating which of the municipalities of the state are cities and which are villages as provided by the new code. Copies of the proclamation are to be sent to the mayors of the various municipalities and by them transmitted to council where they are to be made a matter of record. Saturday the people of Lima will therefore, through the newspapers be notified that Lima is recognized as a city under the new code. The city council is expected to receive similar notification from the mayor next Monday night. But there is a string tied to the notification. The code provides that 30 days thereafter each municipality in the state shall be either a city or village as designated by the proclamation. Lima will therefore not be sure it is a city until on or about Dec. 15.

In the meantime it is expected that the city council will begin to prepare for the new city government and the election to take place under the new code. If the mayor and council cannot subdivide the city into new wards as provided by the new code by Jan. 1, the mayor is to pass up the job to the common pleas court.

Referring to the election next spring at which time an entire new set of officials are to be chosen to conduct the business of the city, Hon. Thos. E. Powell, of Columbus, in addressing the board of trade of that city made the following remarks that may be well applied to this city:

"Let us look forward to the election which comes next spring. Let us try to make the city hall as honest and business like as you have made your own places of business."

Let us at least see in the City Hall a man of capacity, one fitted for the responsibilities which the position requires. Let us have more business and less politics next spring. Lean years will follow these present days of prosperity and let us prepare today for the days of adversity which must come."

"We can stand a high tax rate while we are prosperous, but when the tide turns the burden may be far greater than many of us can bear. Let us try to make the government of our city keep pace with its industrial progress."

DON'T

Like the Way It
was Done

And the Court

Is Asked to Have an
Accounting.

A Depositor Claims That His
Property was Illegally
Transferred,

And Brings an Action Against Ex-
Secretary Woods, of the Lima
Home and Savings As-
sociation.

R. O. Woods, until recently the secretary of the Lima Home and Savings Association is made the defendant in an action begun by Lewis M. Nelson and in the petition filed yesterday evening by Attorney M. J. Sanford, the plaintiff endeavors to get back into his possession, a piece of property which he claims the defendant has no right to.

Mr. Nelson says that he was the owner of lot 2184 in Nelson's addition and in order to erect a dwelling thereon, he gave a mortgage to the Lima Home and Savings Association for \$200, of which \$10 was then to be credited. He then began paying the sum of \$3 per month which was to be placed to his credit. At the request of Secretary Woods, he left his possession with him and has never since had possession of it nor had an accounting.

The plaintiff adds that he is without education and can neither read nor write, but depended upon the defendant to give him honest credit for all the money paid to him. In the month of January, 1902, he had a fall which prevented him from working, or enabling him to get the money to pay the loan, street assessment or taxes, but he went to the association and asked to be permitted to make another

loan that he might pay the assessments standing against him. The defendant refused to make a change but promised to take care of whatever claims came up against the property. If he, the plaintiff, would make a contract deed which could be held until the money was paid back, and then he could continue to make payment on his loan as before. The plaintiff further says that he did not have counsel and accepted the statements of Mr. Woods that he would deal honestly and fairly. It was not supposed that the contract deed would be recorded but merely held, as agreed upon as security, and under those conditions the plaintiff and his wife, now deceased, signed the instrument. No sale of the premises was even thought of, but it was placed on record and on Dec. 30, 1901, the defendant delivered to the Lima Home and Savings Association a mortgage deed on the premises for the sum of \$300, wherein R. O. Woods declared himself to be the lawful owner. This was not known to the plaintiff, who continued to pay to defendant various amounts each month, sometimes as high as \$10, which he understood would be credited upon the loan he had obtained.

Frequently during the part of four or five years, he says he has asked for a statement, but was put off, but he believes that he has paid in the sum of \$300 to \$400, the exact amount he has no means of knowing. In addition he has continued to improve the property and has occupied it to the exclusion of all others. He says he believes the representatives of the defendant were false and fraudulent, and asks that the pretended conveyance of the property from Woods to the association be set aside, and that there may be an accounting to ascertain the amount due from the plaintiff to the association so that he may make payment of the same.

Don't Worry Now.
Since the repeal of the Garfield corrupt practices law, which provided that all state, county and other candidates must file a sworn statement of the amount of money expended at election the interest from that standpoint has died away in Ohio.

As it is now, a candidate may spend all the money he pleases and no one will ask any questions. So Ohio candidates at the recent election are turning their attention to states that have such a law, and smiling while the other fellows report.

ILLNESS

Of Mrs. Thos. Mitchell
Terminated

By the Angel of Death Early
This Morning.

Deceased Follows Two Brothers to
the Unknown World and the
Venerable Parents are
Left Childless.

The sad death of Mrs. Thos. Mitchell, who only a few months ago became a bride, occurred this morning at the home of her parents, Mr. and Mrs. John Lyons, 606 north West street, at 3:45 o'clock. The deceased, who was before her marriage, a popular saleslady at Feltz Bros., dry goods store, was taken ill about six months ago, and although having been robust in health up to the beginning of her fatal illness, she failed rapidly. Her marriage with Mr. Mitchell occurred at St. Rose church on the 24th day of last April. The bereaved husband, was discharged from the hospital last Saturday, he having suffered a severe attack of typhoid fever. The deceased's youngest brother, Anthony Lyons died Feb. 10th, 1900, and her other brother, P. H. Lyons, died on the 31st day of last month. By her death the aged parents are left childless, and they have the sympathy of the community in their great affliction. The deceased was born in this city on the 20th of August 1877 and was loved by all who had the pleasure of her acquaintance. Her lovable disposition endeared her to hosts of friends, all of whom are saddened by her untimely death.

The funeral services will be held at St. Rose church Saturday morning at 8:30 o'clock.

RECKLESS

Rider Had a Collision With
W. W. Hawkins.

W. W. Hawkins, employed in the Buckeye building, and whose home is at 940 west Wayne street, was injured at noon today as he alighted from a west bound car. As he stepped onto the street, a cyclist coming from the opposite direction, struck him and Mr. Hawkins was knocked down. His head and face were bruised and the injury was of such an extent that a physician was summoned. Reports from his home this afternoon indicate that aside from surface bruises, Mr. Hawkins is not likely to suffer from the accident.
